RESPONSE

Mail Stop Non-Fee Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Responsive to the Restriction Requirement dated April 6, 2004, Applicant hereby elects for prosecution at this time Group I claims 1-14, drawn to an apparatus. The election of Group I claims is made with traverse without prejudice to the elected Group I claims and without prejudice to the non-elected Group II claims.

Reconsideration and withdrawal of the requirement for restriction are respectfully requested. The Applicant contends that Group I and II claims are closely related and have a common utility. Specifically, the image capturing system and method are closely related and can have a common utility. The Applicant further contends that the Group I and II claims don't pose a serious burden for the examiner by requiring two separate searches.

Application of: Johnson, John E.

Serial No.: 10/605,294

Response

Because Applicant may wish to pursue claims of the non-elected Group at a later date by Divisional Application, if necessary, it is requested that these claims, pursuant to 37 CFR 1.142, be permitted to remain in the application.

This response does not present any new matter. Accordingly, as all requirements of the Action have been complied with, an action on the merits and a Notice of Allowance are hereby respectfully solicited.

If any issue regarding the allowability of any of the pending claims in the present application could be readily resolved, or if other action could be taken to further advance this application such as an Examiner's amendment, or if the Examiner should have any questions regarding the present amendment, it is respectfully requested that the Examiner please telephone Applicant's undersigned attorney in this regard.

Respectfully submitted,

Date: April 16, 2004

Mark E. Stallion
